

Paper Buster Office 365 / 2019 Update

Preparation

1. Download the update by clicking [here](#).
2. Save the zip file in the <Network Drive>\Practice Central\BPS Docs\ folder.
3. Unzip the file by right clicking on it and selecting **Extract All**.

Workstation Update

1. Ensure Paper Buster & all Office applications are closed.
2. Copy the 2 files from the folder created above to:
C:\Program Files (x86)\Practice Central\Paper Buster
3. Then find and run **reboot(Winx64_OfficeX32).bat** which is located in the same folder.
(Run as Administrator)
4. Wait until the screen says press any key to continue.

Re-enable Office updates

Once the new files have been installed you can re-enable your MS Office updates.

This can be done by:

- Opening any Office application.
- Click on File – Account – Office Update.
- Select Enable Updates.

Re-Enabling Outlook in Paper Buster

If after following the above steps Outlook doesn't function in Paper Buster, please contact our support team as Outlook integration may have been disabled for your computer.
